1985 Chevy Tioga

- condition:** good
- cylinders:** 6 cylinders
- drive:** rwd
- fuel:** gas
- odometer:** 47000
- paint color:** white
- rv type:** class C
- title status:** clean
- transmission:** automatic

1985 Chevy Tioga with rebuilt 350 long block engine with 2,000 miles on it. TON OF VALUE IN ENGINE ALONE. Current battery full voltage and alternator is charging normally. Some new tires put on last year, should have plenty of life in them. Fun layout/floor plan. Overhead sleeping and a fold out couch. Captain seats and table, kitchenette and bathroom in back of cab. Everything works (AC, water heater, heat, stove) except fridge when not plugged

into grid (stopped working on propane alone). I have kept it dry but did use the gray water, all systems seem to function fine. It's older so there are definitely cracks in some of the older plastic pieces/components and one cracked sky light. Haven't tried the generator but there is one.

This was our Covid purchase. My daughter and I had a ton of fun in this vehicle and just don't camp as much anymore.

Have records of all work done local (Omak Auto & RV put in long block engine, rear differential service in Twisp, WA and regular oil changes in Twisp WA)
